### DETAILED ACTION

Claims 1-20 are pending in the instant application. Claims 21-23 are canceled.

#### *Response to Non-Final Office Action*

Acknowledgment is made of applicant's response and amendment of the claims filed on 4/9/2007.

#### 35 USC 103

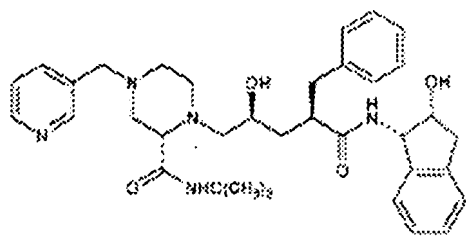

Claims 1-13 and 18 were rejected under 35 U.S.C. 103(a) as being obvious over Yamada et al., U.S. Pat. Nos. 4,125,611 ('611 Patent) and 4,226,863 ('863 Patent). In view of the amendment to the claims and arguments the rejection has been obviated.

#### 35 USC 112, 1<sup>st</sup> Paragraph Rejection

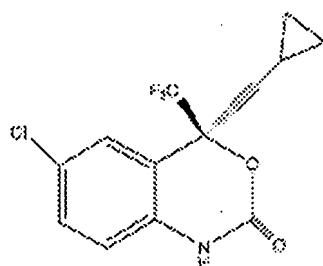

Claims 19 and 20 were rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement because the specification is not enabled to inhibit, treat, or delay HIV integrase or AIDS.

Applicants assert that assay data is sufficient (Response, page 31, lines 13 and 14). While assay data is compelling it does provide sufficient support for the use of the instantly claimed compounds in "inhibiting" and "treating" HIV integrase or of "delaying" the onset of AIDS in a subject in need thereof. Applicants point to a sufficient correlation between the HIV replication inhibition assay in Example 30 and in vivo efficacy of exemplary compounds such as CRIXIVAN and SUSTIVA. The chemical formula of CRIXIVAN is

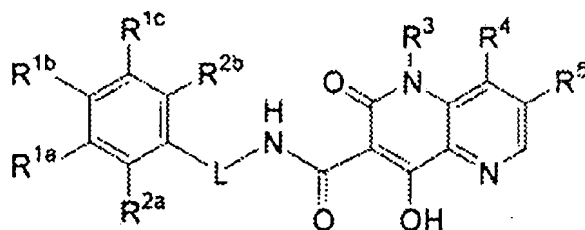

Art Unit: 1626

and the chemical formula of SUSTIVA is

Neither compounds are similar to the instantly claimed compounds

of formula,

Therefore, in vivo data for

CRIXIVAN or SUSTIVA cannot be used to show the in vivo efficacy of the instantly claimed compounds. Therefore, Claims 19 and 20 remain rejected under 35 USC 112, 1<sup>st</sup> paragraph for enablement issues.

Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37

Art Unit: 1626

CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
